3.2 Application

Welcome Screen

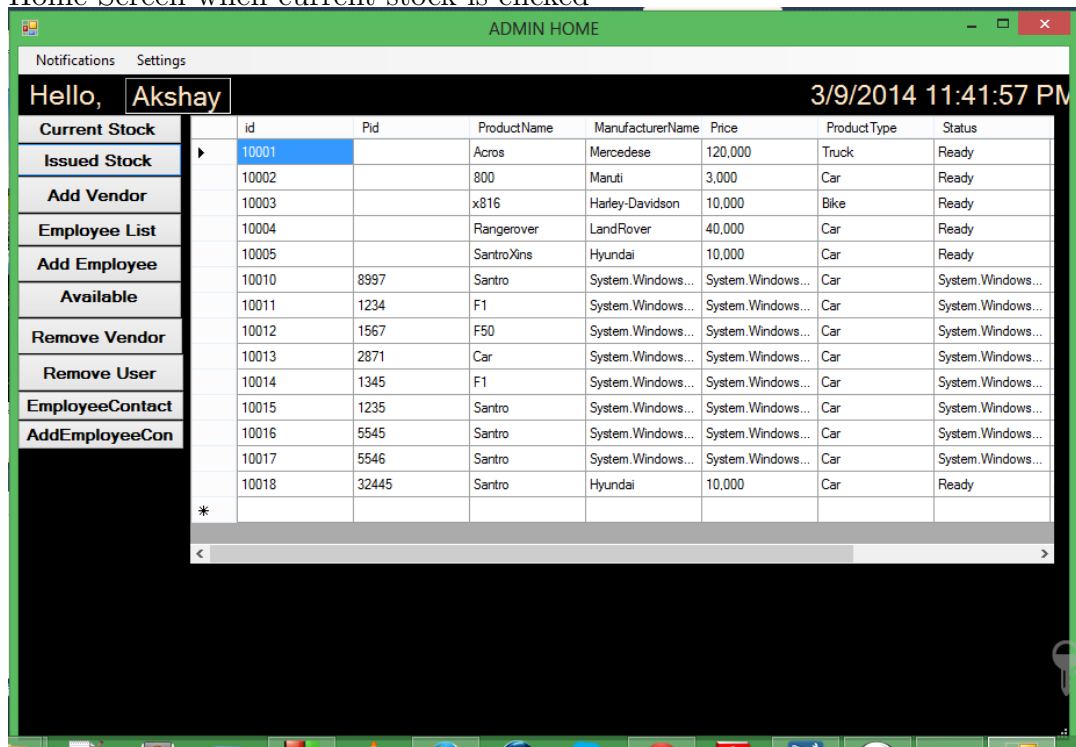

Login Screen

The image shows a login screen with a dark, textured background. A central dark gray panel contains the login form. The form has three input fields: "User Type" with a dropdown arrow, "User Name" with a text input field, and "Password" with a text input field. Below the password field is a "login" button. The entire form is enclosed in a dashed white border.

Home Screen

Home Screen when current stock is clicked

The screenshot displays a web application interface with a modal window titled "History". The modal contains several input fields for product details:

- Type: Car
- Manufacturer: Hyundai
- Model Name: Santro
- Status: Ready
- Product ID: 32445
- Price: 10,000
- Action: ISSUED

On the right side of the modal, there is a "History" list showing a scrollable list of numbers. The number "19" is highlighted in blue, indicating the current selection.

The background shows a table with the following columns: Id, ProductName, ManufacturerName, Price, ProductType, Status, and Pid. The table contains data rows, with the last visible row having the value "32445" in the Pid column.
